

## Price Anchor Budgeting Plan

aka "P. A. Budgeting Plan"

Our customers asked, and we listened...

P. A. Crimson now offers a budgeting plan for those customers looking to have a fixed maintenance expense for fire extinguishers over a set period of time. These are great for customers on a budget, looking for the same price year after year for their extinguisher maintenance cost.

### What it is:

Our "P. A. Budgeting Plan" is an all-inclusive, fixed pricing plan for a pre-determined amount of years. Typically the plan length is between 3-6 years. *P. A. Budgeting Plan includes all regular maintenance costs: tagging, testing, replacing of obsolete extinguishers, service calls and delivery charges.* Not included are accidental or intended fire extinguisher uses and replacement of stolen or damaged fire extinguishers.

### How it works:

We come to your site and complete a full site survey. We give you a fire extinguisher count. We predetermine a price per extinguisher for terms ranging between 3-6 years. You choose the price, with the term. That's it.

### Example:

Your company has 50 extinguishers, all types, and all sizes.

You choose a 6-year term for \$16.00 per extinguisher.

Your bill will be \$800.00 per year (plus tax) for the next 6 years, nothing more.

To get started, or for questions and details, please call Alex at 630.424.3400.
